**ITS/SIDS Training**

**6:30-8:30 pm**

**Instructor: Melissa Jones, R.N., Child Care Health Consultant/Partnership For Children**

Developed by the NC Healthy Start Foundation's ITS-SIDS Project, this session meets state requirements for ITS-SIDS training. Participants will learn to reduce the risk of SIDS through safe sleep practices for infants. Participants will also review Safe Sleep Policy guidelines, NC Division of Child Development and Early Education licensing rules, and maintenance of the proper forms. **(2.0 hrs./\$7.00)**

**Temperament of Infants & Toddlers: Understanding and Supporting Individual Differences**

**6:30-8:30 pm**

**Instructor: Priscilla Hayes, Infant-Toddler Specialist with CCRI**

We all have our own way of adapting and responding to the world around us. Are you distractible or persistent, sensitive or easy going? These characteristics describe temperament. During this workshop, we will learn about nine temperament traits and three large categories used to describe most infants and toddlers. Strategies on how to care for children based on their temperament type will be shared. We will also discuss the "goodness of fit" between your own temperament and the infants and toddlers in your care and explore the role of culture as it relates to temperament. By understanding temperament, caregivers can provide the supports needed to help every infant and toddler feel safe and secure in the child care setting. This training provides information that supports the ITERS-R subscales: Space and Furnishings, Listening and Talking and Interactions and Program Structure. (DCDEE 2, 3, 4, 8) **(2.0 hrs./ \$7.00)**

**Please, Teach Me What To Do**

**6:30-8:30 pm**

**Instructor: Ellyn Andrews, Healthy Social Behavior Specialist, CCRI**

Learning new skills is hard, and when you're a preschooler every skill is new. Learning to manage your own behavior can be the hardest skill of all. Teaching self-management can be an intensive process, but it's a skill that is crucial to kindergarten readiness. When children can navigate the classroom with minimal adult assistance, they learn to take ownership of their actions and choices, they treat others better, and are better able to calm themselves and to problem solve. Come learn the five steps to teaching self-management skills so you and your children can reap the benefits. (2 DCDEE contact hours) **(2.0 hrs./\$7.00)**
